

2018 International Urban Design Conference

Bulletin/Call for Papers (No.1)

Organizer: Architectural Society of China, Municipal Government of Zhengzhou City

Host by: Administrative Committee of Zhengdong New District

Time: September 18 - 20, 2018

Venue: Zhengzhou, Henan Province

Theme: Improving Urban Quality, Creating Livable Environment

- Urban Design by Multi-disciplinary Cooperation

Background:

The city is a complex integration, while "human" is the most critical factor for creating cities and lives. Under the background of Internet + and One Belt One Road Initiative, how cities to better serve for human, improve the urban design level and create a livable environment for the city under the premise of keeping the regional characteristics, national characteristics and contemporary spirit is worth further thinking and exploring in the architecture field. Zhengzhou in Henan Province, China, has made a great attempt in this aspect, providing a further communication and discussion platform for urban design and related professionals at home and abroad. The Conference will be held in Zhengzhou, which will aim to help relevant professionals to learn and exchange urban design experience and jointly create a better city life.

Paper Content:

The paper content should focus on the conference theme and the following topics:

1. Design Theory, Method and Practice of International City/New District
2. Urban Feature Protection and Organic Renovation
3. Urban Safety and Smart City
4. Habitat Environment and Ecological, Green, Healthy City
5. Research and Practice of Double Majors on Chinese Cities
6. Research and Practice of Architects for One Belt and One Road

We sincerely invite experts and scholars in the architectural and urban design fields and relevant people to contribute enthusiastically in combination with the conference theme and similar forum topics, and actively participate in this international conference.

When the author submits the paper registration form and the whole paper, please note that one of the above topics should be clarified.

Entry Requirements:

1. The paper is an original work written independently by the author, and there is no problem of academic fraud and multiple publication of the same academic achievement. The paper has not been officially published in academic conferences or academic journals.
